Computer Hardware - Laptops, Desktops, Printers, Projectors, Software & more...

We offer ALL top PC brands from HP, LENOVO (IBM), SONY to TOSHIBA. WD is an authorised dealer for hardware and technology and can include [FLEXIRENT](#) for convenience and assist with maintaining your cashflow; *more details on flexirent below.*

Tohu Design & Branding

We know how important tohu maori is to maori organisations. We are proud of the fact that we cater to the needs of tohu maori and mainstream design and branding. Korero to us to discuss your requirements.

IT & Network Support

We offer an affordable range of Service Maintenance packages that won't blow your budget. Let our IT Specialists take care of your PC maintenance whether it be one PC or multiple networked PCs. Send us an email or call so we can arrange a FREE assessment Hui with you at your office.

Scheduled Onsite Maintenance

A technician will be at your premises at regular times to perform a Maintenance Program customised to your business. During these visits the technician will also provide support to users and address any issues.

Monthly Free-Time

This time can be used for Onsite or Remote support to provide additional maintenance or tend to problems that occur between visits.

Systems Analysis

A monthly report can be prepared that details the companies IT performance, internet usage & any current issues - to help you make the best decisions for system improvements.

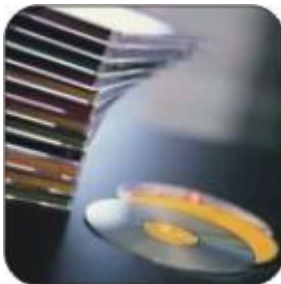

Graphic & Web Design

Our graphic and web design team are specialists in their own right. We offer a full in house service from a brochure style website to a fully animated website that puts the **X** into **factor**.

Flexirent

If you're in business, it is important to have the latest technology. With Flexirent you can put your cash to better use and keep up with technology.

Waka Digital is an authorised Flexirent Agent which allows you and your organisation, the opportunity to free up cash while taking advantage of accessing new technology on a monthly payment basis.

Conserve your cash

With Flexirent you are not restricted by your available cash or credit card limits. No deposit is required. Simply pay the first monthly rental payment in advance. Put your cash into better use in your mahi.

Tax deductible for business*

Monthly payments are an operating expense and are typically 100% tax deductible.
*Contact your tax advisor for more information.

The flexibility to upgrade to new technology

You are able to future proof your business technology needs. Avoid the hassle of being locked into owning and disposing of outdated technology. Gain the benefits of using the most up to date technology when you need it.

Need Hardware?

We can also help with the daunting task of choosing, purchasing and installing computer hardware and software. Based on our years of research and experience, we will hand-pick the products that best serve the needs of your business. WD can pre-configure all hardware components before they are delivered. This reduces set-up time and the risk of errors occurring while on your premises. We can also provide cost efficient licensing options on your software.

So why not contact us to discuss how we can help you or your organisation. If you are interested in custom software, our first software consultation is free, and there is never any obligation. You might get a pleasant surprise when you find out what we can do for *you*.

Need a website?

We create fast-loading professional website from WD. We pride ourselves in providing an affordable, fast and effective service with an in-depth free consultation and attentive customer service.

Point of Interest

WD is in the process of deploying 9 ICT computer suites throughout the Bay of Plenty in partnership with Poutiri Trust and their Provider Network. The aim of the project is to improve internet access and PC skills in rural communities.

Part of the project was the establishment of a mobile unit. The Raranga Waka is kitted out with Satellite Broadband Technology; As long as we have a clear view of Ranginui, the Raranga Waka will connect to the satellite to stream broadband connection to the 15 laptops also in the waka. This is to support the 9 sites for training their communities and will also be available for hire from Poutiri Trust which is great for the delivery of training and initiatives on Marae or at any location.

We look forward to sending further updates as we progress.

Maori Business and Professional Association (MBPA) LAUNCH

We are pleased to inform whanau about the release of an Online Maori Business Directory in association with Dame Georgina Kirby and her team. WD built this portal and directory that will list information and contact details of Maori who operate business in an array of industries. On the MBPA website & directory there are various affordable membership packages with a great focus on benefits to its membership. *Click the link to view MBPA website & directory;* www.mbpa.co.nz

Thank you for taking the time to read our e-Panui. Feel free to call or email us to discuss any of our product or services.
